

Fears For Stolen 6 Week Old Donkey

The theft of the 6 week old brown donkey foal took place whilst Mr Brooks; a devoted animal lover; was in hospital having a hip replacement. Mr Brooks is now out of hospital, he is physically frail and obviously totally devastated by the theft of the little foal, as is Mrs Brooks. The couple need as much help as possible to locate the foal, which still needs to be fed by its mother.

There is a reward for any information and the number to call is: **0845 456 4567**

Quote Crime No. **51934-08-1**

Mr & Mrs Brooks are happy to be contacted on **01945 780235**
